

Rodbourne Cheney Primary School

Sports Premium Impact Document

Sports Premium

For 2016-17 we have been allocated £9130.

We are using 50% of the funds, within our Federation of schools, to pay for the part employment of a PE specialist from a secondary school within the White Horse Federation to work with us every other term.

- They are providing professional development opportunities for teachers using the new PE curriculum, including, gym skills and outdoor and adventurous activities.
- They are auditing each schools PE equipment and CPD needs.
- They are running inter and intra schools sports competitions for KS1 and KS2
- They are supporting with the design and implementation of assessment in PE

This will ensure that teacher's confidence in teaching PE will grow and develop, and also enhance their teaching skills and strategies for implementation of Quality First PE sessions.

We are using the remaining 40% of the funds:

- To develop children's dance and gym skills within our school with a specialist dance teacher who will work with all year groups from Monday-Wednesday
- Develop a dance elite team for boys and girls in Upper KS2 where they can compete and perform at a local and national level
- Support, develop and enhance children's enjoyment of dance
- Develop children's technical dance ability in a range of dance genres, including street, hip-hop and contemporary dance

This will ensure that all children are given the opportunity to develop their dance skills, widen their understanding of genres, and develop their confidence in performing and competing at a national level. It will also ensure that teachers develop their own skill set for the teaching of dance, gym and tumbling skills.

We will use the remaining 10% to:

- To run sporting events.
- To provide release cover for staff to attend PE courses
- To provide release cover for staff to allow children to attend competitions
- Continue and further develop the many sporting enrichment opportunities we offer out of school hours for all the children to increase participation in sport.

Impact

Sporting Partnership with Ridgeway School

We have entered many WHF tournaments and sporting events this year organised by Ridgeway School partnership. These include:

- Netball
- Football
- Tag rugby
- Hockey
- Cross country festival
- Boccia festival (Para-Olympic sport)

The children have really enjoyed these experiences. They have enjoyed the participation element, alongside the competitive nature of some of these events. It has boosted children's confidence and they have enjoyed representing their school in such events. The children have also met with other children and this has helped develop not only their sporting skills, but also their social skills too.

Children enjoying the tag rugby tournament.

Fabulous effort from our children during this cross country event.

Developing Quality PE teaching

Matt Wakefield, PE specialist from Ridgeway School, has been team teaching with teachers to develop their teaching skills, widen their PE knowledge and support quality PE lessons for all of our pupils.

Matt has initially worked with our RQTs to support their development of PE. This has been very successful and the team teach approach has helped the teachers with their confidence, alongside develop their skill set. He has also taught alongside all teachers with a focus on outdoor sports and skills.

Matt has been working with our soon to be PE lead, Mr Law. Matt has been working with him to provide him with the knowledge and skills to take on this subject and continue to give it a high focus across the school.

Developing children's balance and team skills in PE.

Dance Provision

We are very proud of the dance teaching that we offer at Rodbourne Cheney Primary School. This academic year, all children have dance and gym lessons from a fully qualified and leading dance and gym coach, Miss Bobbi Newman. They cover a wide range of skills from Reception up to Year 6. They have had experience of lots of different dance genres.

Teachers have noticed a marked improvement in children's physical ability from the start of the year. Most importantly, children are very much enjoying their dance and gym sessions. Children are now aspiring to be dancers when they are older, with a recent year 6 pupil choosing their secondary school based on their dance provision as this was something they wished to do in the future as a result of the teaching from our own school.

We have an elite dance squad from our Year 5 and 6 children. This has been fabulous in developing children's performance techniques, discipline, ability and also their confidence. Parents have supported the team and some have noticed improvements in attitudes and behaviour at home for the children who have attended. Out of the eighteen children that attend our elite team, several of them now have taken up dance outside of school and their parents are delighted with this as they feel it has given their children new skills and given them something to channel their energy on.

Our elite team successfully got through to the national dance championships, The Great Big Dance Off- the only dance competition solely for schools. We were delighted to have come 10th (nationally) in this prestigious dance competition. This gave our children (and parents) a huge sense of

achievement and pride, whilst also providing them with an opportunity to perform at the New Theatre in Oxford.

Dance national Championships – 10th National Champions!

In-house PE provision

In addition to above, we also offer swimming lessons from Reception up to Year 6 and ice skating from Year 2 up to year 6.

Sports and the Community

Swindon Town in the Community have been in to complete coaching sessions with all of our children. The children have fully enjoyed the experience of training with exceptional football coaches. They will also provide intensive training for our year 3 children in the summer term which we are very delighted about. They also run quality football training for reception and KS1 children and KS2 children.

We also had teacher training from them on teaching skills in PE lessons. The staff that went said it was the best sports CPD that they have had and that this has impacted on their own PE teaching and ensuring better delivery of teaching PE.

Staff training

Sports Week

In June, we held our fabulous and very successful sports week where children immersed themselves in quality PE provision from a range of disciplines and instructors. This included martial arts, boot camp, maypole dancing, cheerleading, rugby, gym, football etc. This ensured that children were enthusiastic all week about the range of sports they participated in. We also held parent sessions, including a whole school aerobics session for all members of our school community. Along with these sporting sessions, children had a range of science and PE orientated lessons focusing on being healthy and active.

Whole school aerobics session

Martial arts sessions

Due to our good links with MF Martial Arts and the many sessions they have offered our children, several of our children now attend their classes outside of school.

Sports Clubs

We have offered a wide range of sporting after-school clubs. These include:

- Netball
- Handball
- Football
- Multi-sports
- Tag rugby
- Athletics
- Street hockey

Netball tournament

In our holiday club, children had martial arts sessions by Matt Fiddes Martial Arts and street dance sessions from MF Dance. The children thoroughly enjoyed learning these new skills. We have also tried to ensure that children keep active in our holiday cubs with other activities and planned active sessions too.
